

SUBLI'OAK

**Combination of high-end oak tannins.
to highlight the roundness and the expression of wines.**

CHARACTERISTICS

SUBLI'OAK is made of French oak selected from Limousin and Tronçais forests. The oak used for **SUBLI'OAK** originates from the same staves than the ones used for the production of barrels. The oak is air-dried for several months and loses its natural astringency and bitterness. The finesse and elegance of **SUBLI'OAK** are the result of a perfect blend between the two tannin qualities.

SUBLI'OAK is available as micro-granules.

OENOLOGICAL PROPERTIES

In addition to its properties to facilitate clarification, **SUBLI'OAK** :

- Highlights the volume and balances of white wines
- Contributes youth and freshness to unbalanced sweet wines.
- Highlights the aromatic intensity of the fruit while removing vegetal and herbaceous characters.

APPLICATION FIELD

- For the breeding of white and red wines.
