## Wax strips for under wax to easily open.

These are strips to be used for easily opening the wax capsules.

Several types of strips are available:

### 1. Plasticized paper

These strips are our one of our best-selling products, because they present a better price/quality ratio. They can be personalized in size and colour.

Adhesive backing. They come in paper sheet.

### 2. Woven textiles

These strips are the luxurious solution for those interested in adding extra value to their bottles.

We have customers employing them for high-end products, both wine and spirits related. They can be personalized in size and colour.

Adhesive backing

They come in small reel, usually of 250pcs.

**They cannot be put on a machine.**

### 3. Machinable reel

These strips are specifically designed to be installed on labelling machines, as for the labels. They can be personalized in size and colour.

Adhesive backing with end which is not adhesive.

Before production you need to fill a specific form (unwinding, direction etc. )
