

# Book your Pre-Vintage Service Now **AND SAVE\***

Don't get caught out with a costly halt to production during peak times.

Maximise your up-time in the busy period by booking a pre-vintage service. Secure your early-bird service with our factory-trained technicians to avoid the rush, stress, and cost of emergency callouts.

Act now for peace of mind and seamless operations when it matters.

\*Book into our allocated service trip schedule and **SAVE**.  
Contact the team for the savings and the availability based on your region - the more bookings per region, the more savings to you!  
**We're scheduling crushpad servicing during August, so dont miss out.**
